

At home and on the go.

Digital resources to help your employees manage their health and finances.

You want your employees to have the resources to make well informed financial and health care decisions. UnitedHealthcare has created tools to help members maximize their benefits.

At UnitedHealthcare, our mission is *helping people live healthier lives*®. We strive to make health care simpler and easier for your employees to understand with our suite of integrated consumer tools on myuhc.com®. For employees who are on the go, digital resources are available on the UnitedHealthcare® app — wherever and whenever they need to manage their health care.

Mobile app.

Download the **UnitedHealthcare app*** for access to health plan ID cards, benefits information and help answering questions.

- The mobile app is designed to help your employees manage different aspects of their health, like searching for providers and getting health care cost estimates for specific treatments and procedures.
- Employees have access to their health plan ID card, claims information and real-time status on account balances, deductibles and out-of-pocket spending.
- With the UnitedHealthcare app, your employees can manage the health care for their entire family, 24/7. They can find a physician or facility near them using the GPS location search feature.
- The UnitedHealthcare app is the go-to resource to help your employees manage their health care. Anywhere. Anytime.
- Employees can find and receive care, access financial accounts, view claims status, estimate costs and pay bills directly from the app.

Find Care and Costs.

Find Care and Costs is designated to help your employees find and price care, at the same time. Located on myuhc.com, employees can:

- Find a quality doctor, clinic, hospital or lab that helps meet their needs.
- Use multiple search options to filter results by location, specialty, quality, cost, services offered and more.
- See provider ratings created by patients.
- Review cost and care options before making an appointment to help control spending and choose the right level of service.
- Access personalized cost and provider information specific to the benefit plan.

Your employees can access these resources on both their computers and mobile devices:

Visit myuhc.com.

Download the **UnitedHealthcare app** from the App Store® or Google Play™.

*Data rates may apply.

All UnitedHealthcare members can access Find Care and Cost at myuhc.com and the UnitedHealthcare app. This tool is not intended to be a guarantee of your costs or benefits. Your actual costs and/or benefits may vary. Refer to your health plan coverage document for information regarding your specific benefits.
