

# Medicare-eligible?

## Turn to GIS Healthcare to make sure your coverage choices work for you

Are you eligible or about to become eligible for Medicare? Do you have questions about your options and what's the best fit for your coverage needs?

Whether you're retiring or planning to continue to work after age 65, you need to make decisions about Medicare. Your employer provides complimentary access to **GIS Healthcare**, a national employee benefits general agency specializing in providing Medicare education and enrollment services.

### To schedule an appointment for an individual Medicare consultation:

 visit [GISMedicare.com](https://www.GISMedicare.com),

 email [MedicareSolutions@gisbenefits.net](mailto:MedicareSolutions@gisbenefits.net), or

 call 888-592-1839 between 9 a.m. and 5 p.m. ET.

Comparing Medicare options and supplemental health and prescriptions plans can be complicated and intimidating. How does Medicare and Medicare Supplemental insurance compare to your group health insurance? Which option is the best fit for your needs? What do you need to do to enroll?

### Turn to the experts at GIS Healthcare for help:

- Understanding and evaluating your options
- Identifying the best coverage for you
- Navigating the enrollment process, and enrolling you in real-time

Have family and friends who have questions about their Medicare options? Feel free to share this resource – at no cost – with them.

**Whether you're ready to enroll now or in the near future, GIS Healthcare is here to help.**
