## 2026-2027 Employee Benefits Guide Florida

# Core Pipe Benefits

## Welcome to the Core Pipe Team!

At Core Pipe, our success comes from dedicated employees like you. You bring the insight, expertise, and ambition that help us deliver the best possible service to each employee's particular needs. We know that every employee is unique. Each of you has different needs when it comes to benefits. With that knowledge, Core Pipe provides a competitive benefits program that offers choices to protect the health and well-being of you and your family. This guide will provide an overview of the benefits available to all eligible employees. Please read this information carefully so you can make the best choices in benefits.

### Enrollment Checklist

- ✓ **Read about your benefits.**  
Read this guide and share it with your family.
- ✓ **Decide which benefits are best for you and your family.**  
Think about your family's needs when considering plan options.
- ✓ **Enroll.**  
Make your elections during Open Enrollment. If you are a new hire, please contact the HR department for eligibility information.

### Benefits You Can Choose

- Medical
- Dental
- Voluntary Vision
- Voluntary Life
- Voluntary Accident
- Voluntary Critical Illness
- Voluntary Hospital Indemnity

### Benefits Core Pipe Provides

- You receive this benefit at no cost to you.*
- Group Life and AD&D

**Additional Benefit information  
can be viewed on  
[Corepipebenefits.com](http://Corepipebenefits.com)**

This Benefit Guide is offered as a highlight of the benefits available to eligible employees of Core Pipe. It is not intended to be a complete description of any plan. Nothing in this Benefit Guide is intended to create any express or implied contract of employment or guarantee of any benefits. All insurance contracts and plans have limitations and exclusions that apply. Please refer to and read all plan documents for more complete descriptions. If any statement conflicts with the applicable plan documents, the plan documents will govern. Core Pipe reserves the right to amend, modify, or eliminate any benefit program with or without prior notice.

## Who's Eligible?

All full-time employees regularly scheduled to work at least 30 hours a week are eligible for benefits. You can enroll your eligible family members as described here. Please contact your Human Resources department regarding eligible dependents. Dependents who turn 26 come off the Medical and Vision plan on the last day of the month they turn 26. For all other plans, they lose coverage the day they turn 26.

## Enrolling

*New Hires:* You must enroll at the appropriate time if you would like coverage. If you miss this deadline, you will need to wait until the next Open Enrollment or have a qualifying life event in order to elect benefits.

*Open Enrollment:* You may enroll or change your elections once a year during Open Enrollment. You will receive an announcement prior to Open Enrollment.

## Qualifying Status Change

The benefit elections you make (either as a new hire or during Open Enrollment) stay in place for the entire plan year, unless you have a qualifying status change. Federal law prohibits you from dropping, adding, or changing any plan paid with pre-tax dollars during the plan year. However, you may make a change if you encounter a qualifying event. These events include changes in your family status that may affect your coverage needs, such as birth or adoption of a child, marriage, divorce, or a dependent who becomes ineligible for coverage.

If you experience a qualifying event and need to make a change during the plan year, contact Core Pipe's Human Resources department within 30 calendar days of the event. For IRS guidelines and a list of qualifying events, go to <https://www.healthcare.gov/glossary/qualifying-life-event/>.

## Opt-Out Credit

This plan year Core Pipe will be offering an Opt-Out Credit for any full-time employee that wishes to waive their medical coverage. For anyone currently not enrolled in our medical plan you will receive a \$500 per month credit. (Please note this is taxable income). For anyone that is currently on the plan but wants to waive coverage you will receive \$500 per month for employee only coverage or \$1,000 for employee and spouse, employee and child(ren), or family coverage.

You must show proof that you have other coverage to receive the incentive payment.

Some things to consider before waiving coverage:

- Can you get coverage elsewhere? – waiving coverage now does not qualify as a life changing event to go to the Market Place or to be added to a spouse's plan unless they are also in the open enrollment period.
- Most employers have a plan that has a January renewal so if your spouse's plan is a January renewal make sure you can join their plan.

If you are Medicare eligible (over the age of 65) you can enroll in Medicare at any time as long as you have creditable health and prescription coverage (Core Pipe's plan is creditable).

## Medical Plan Options

Option 1: **Core PPO w/HRA (EGLL)**

Option 2: **Core HSA (Health Savings Account) (EGGG)**

### Preferred Provider Organization (PPO)

Although you have the flexibility to see any doctor or visit any hospital of your choice, you will pay significantly less money out of your pocket if you use a doctor or hospital that is in the network. For most doctor visits, you simply pay a copayment at the time of service. You have a great deal of flexibility and choice with a PPO and can manage your out-of-pocket costs by remaining in network.

**The Health Reimbursement Arrangement (HRA)** is automatic when you enroll in this plan. When you have claims that go toward your deductible, we reimburse you for part of your deductible. If you elect a plan with an HRA, You are responsible for the 1<sup>st</sup> 50% of the Deductible and then Core Pipe will cover the rest. The plan that offers this option is the Core PPO w/HRA Plan (EGLL) Network: Core.

### High Deductible Health Plan (HDHP) with Health Savings Account (HSA)

Although you have the flexibility to see any doctor or visit any hospital of your choice, you will pay significantly less money out of your pocket if you use a doctor or hospital that is in the network. Preventative care services are covered at 100%. For other services, including prescription drugs, no benefits will be paid until you have met your annual deductible. The HSA is a bank account paired with your HDHP that allows you to save money on a tax-free basis to pay your deductible and other out-of-pocket medical expenses in the current year or in the future. Qualified medical expenses that can be paid using this account include doctor visits, prescription drugs, and even dental and vision expenses. You own the money in your HSA account, and it is yours to keep – even when you change plans or retire. The funds can roll over from year to year and you do not pay tax on withdrawals used for qualified medical expenses. The HDHP PPO Plan (EGGG) allows you to open an HSA account.

### Finding Network Providers

UnitedHealthcare has an extensive network both in and out of Illinois. To find in-network providers, go to [www.myuhc.com](http://www.myuhc.com) and select “Find a Provider.” and Select the Core network. Look for the Premium Care Physician with blue hearts to get the best quality and most cost-efficient providers.

### RX and Maintenance Medications

You may fill a 30-day supply at the preferred pharmacy of your choice or a 90-day supply at CVS, Costco, and Walgreens. As new drugs become available to consumers or the prices of existing drugs increase or decrease, insurers may add, remove or move drugs between cost tiers. Drugs placed in a higher tier may cost you more money or may only be covered after you try lower-tiered drugs first. For questions about specific prescriptions (including ongoing prescriptions) or for additional information regarding your prescription coverage, please contact your prescription drug provider at 800-356-3477 to determine the costs and learn more about their restrictions prior to filling your prescriptions. The prescription drug list associated with both plans is called the Advantage PDL.

## Important information for medical professionals about UnitedHealthcare's HRA

### **Attention: Doctors, hospital staff and all appropriate billing and administrative personnel**

Re: Billing procedures for UnitedHealthcare HRA members

UnitedHealthcare is committed to improving the health care experience for everyone involved: the employers who purchase it, the doctors who deliver it, and most of all, the people who receive it. Our consumer-driven health plans (CDHPs) put more decision-making power in the hands of consumers. UnitedHealthcare's HRA is an example of a CDHP in that it pairs a dedicated account for qualified health expenses with "first dollar" coverage for all eligible member responsibility.

### **Please follow these steps concerning claims processing for UnitedHealthcare HRA members:**

1. Ask the member to show his or her UnitedHealthcare medical ID card. Contract numbers appear on the front of the card.
2. Please do not ask members to pay any deductible or other cost of care, except indicated copays, at the time of service.
3. Submit all claims to the mailing address on the back of the member ID card. Claims are paid directly to UnitedHealthcare network providers from the member's health reimbursement account (HRA). If the member has a remaining balance, UnitedHealthcare will notify you and inform the member of any remaining balance he or she owes to you. You may then bill the member directly.

Members should notify UnitedHealthcare of any inpatient admissions and certain other procedures as described in their plan documents.

Thank you for your attention to this process.

**For questions and eligibility and benefit verification, call your physician service number. Or call Customer Care at the number indicated on the back of the member's ID card.**

## Access to care for unexpected health concerns

### 24/7 Virtual Visit experience

Meet Tessa, a working mom with young children.

Tessa is getting ready for work when she notices her son has a rash. She schedules a 24/7 Virtual Visit through [myuhc.com](https://myuhc.com)® and the provider diagnoses her son with contact dermatitis and sends a prescription to a local pharmacy. Tessa picks up the prescription on her way to daycare and 15 minutes later heads to work.

# Health Savings Account (HSA)

## Health Savings Account

If you enroll in the HSA PPO plan, you may enroll in a Health Savings Account (HSA). An HSA is a separate, tax-advantaged medical savings account available *only* if you enroll in what's considered a qualified high deductible health plan (HDHP). You can open an HSA through most major banks.

An HSA works similarly to a personal checking account; however, the money can only be used to pay for qualified medical expenses. Your HSA can pay for you *and* your eligible dependents' medical expenses tax free. An HSA belongs solely to you, which means you keep the account even if you change jobs or retire, and any unused funds rollover from year to year. Other HSA advantages include:

- You can add tax free contributions. You take the deduction when filing your taxes. This helps you save on most state and federal taxes.
- You can use the money in your account to pay for eligible out-of-pocket medical, dental, and vision expenses.
- You can pay COBRA and *some* Medicare premiums with your HSA.
- You can use the money at any time, as long as it's for a qualified medical expense.

## Who can't open an HSA?

- You cannot be enrolled in Medicare. (If you had an HSA prior to enrolling in Medicare, you may still use the funds. You just can't contribute to the account anymore.)
- You cannot be claimed as a dependent on someone else's taxes.
- You cannot have a regular FSA. (If you do have an FSA, but decide to open an HSA, your FSA will be re-labeled a limited use FSA. Limited use FSAs cannot be used to pay for medical and pharmacy expenses but can be used for qualified dental and vision.)

## Contribution Limits

Each year, the IRS sets an annual limit on deposits to HSAs. The maximum you can deposit into your HSA depends on whether you enroll in individual or family coverage. The limits consider contributions from all sources – amounts you or anyone else deposits. Individuals over the age of 55 may contribute an additional \$1,000 every year.

### 2026 HSA Contribution Limits

Individual	\$4,400
Family	\$8,750

You and your eligible dependents can enroll in the Delta Dental PPO dental plan. In the PPO, you are free to use any dentist at any time, but using an In-Network Delta Dental PPO provider you will receive the greatest discount and your annual maximum will go further. The Premier Network also uses In-Network dentists, but you will receive a lesser discount than the PPO Network. **You will maximize your benefit by receiving care from a Delta PPO network dentist.** Network providers offer discounted fees to Delta Dental, and you share in the savings.

\*Out of Network dentists can result in balance billing from your provider.

## Take it to go with Delta Dental of Illinois.

**The To Go<sup>SM</sup> feature - an option for Delta Dental PPO<sup>SM</sup> and Delta Dental Premier<sup>®</sup> programs - ensures that enrollees don't have to leave unused annual maximum behind.**

Enrollees don't have to leave unused annual maximums behind anymore. With Delta Dental of Illinois' To Go feature, they can take the unused amount "to go" from one year to the next. This option offers enrollees more flexibility and can help them prepare for more extensive and costly dental treatment.

In traditional PPO plans, the annual maximum is a "use it or lose it" benefit. The To Go feature gives enrollees the ability to carryover any qualified, unused portion of their annual maximum in a given year and apply it to their To Go Bank, increasing their total dollars for dental treatment. (Contact your sales executive for complete underwriting guidelines; this feature may not be available for all Delta Dental PPO

and Delta Dental Premier plans.) Unused annual maximums eligible for carryover in a given year will be subject to a dollar threshold depending on the specific plan design. The enrollee also must have had a dental service that applies to the annual maximum (preventive/diagnostic, basic or major) during the year in order to carry over any unused annual maximum.

### Example

Year 1	Year 2	Year 3
		Annual Max: \$1,000
	Annual Max: \$1,000	To Go Bank balance for year 3: \$1,000
	To Go Bank balance for year 1: \$500	Eligible Benefits Received (Applied to Year 3 Annual Max): \$1,500
Annual Max: \$1,000	Eligible Benefits Received: (Applied to Year 2 Annual Max) \$400	Unused Annual Max: (Exhausted all \$1,000 of Annual Max) \$0
Eligible Benefits Received: \$500	Unused Annual Max: (\$1,000 - \$400) \$600	To Go Benefit Used: Claims exceeded annual max by \$500
Unused Annual Max: \$500	To Go Benefit/carryover: (The To Go Bank balance is \$500; total To Go Bank cannot exceed the total of the annual max (\$1,000) so only \$500 of the unused annual max for the current year can be applied to the To Go Bank) \$500*	To Go Benefit/carryover: (Used all \$1,000, therefore there is \$0 to carryover into the To Go Bank, but there is still a To Go Bank balance that will carryover to Year 4) \$0
To Go Benefit/carryover: \$500	To Go Bank balance: (Available for use in Year 3) \$1,000	To Go Bank balance: (Available for use in Year 4) \$500

\$500 was applied to the annual maximum with \$500 unused. \$500 is carried over into the To Go Bank, increasing the total benefit in Year 2.

\*Total To Go Bank cannot exceed the total of the annual maximum. With \$500 already in the To Go Bank (amount carried over from Year 1). Only \$500 from the \$600 unused annual maximum for Year 2 (current year) can be carried over into the To Go Bank for a total of \$1,000 (equal to the annual maximum).

Because the paid claims exceeded the annual maximum by \$500, \$500 was deducted from the To Go Bank. The total annual maximum of \$1,000 was used so there was no carryover for Year 3. However, the To Go Bank still carries a balance of \$500 that can be applied in Year 4.

*\*Enrollees cannot take unused annual maximums with them upon termination of employment or the dental plan, nor can they apply the unused annual maximum to another dental plan.*

# Accident Insurance

## UnitedHealthCare's Accident Plan

provides accident insurance protection for a wide range of covered benefits. Injured employees and their dependents may use the cash benefits however they want – to satisfy deductibles, pay out-of-pocket medical expenses, or pay household bills, for example.

- **Highlights**

- **Guaranteed Issue.**
- **A Wide Range of Covered Benefits:** Benefits for injuries are payable once for each covered accident (unless stated otherwise in the certificate), and benefits for hospital stays and related care are payable up to a specific number of days or visits for each covered accident.

- **Categories of Coverage:**

- **For Injuries:** Insureds will receive a payment for covered dislocations, fractures, lacerations, burns, and other injuries both on and off the job.
  - **For Diagnosis and Services:** Insureds will receive a payment for related covered medical services (ranging from X-rays to office visits), hospital services (including emergency room admissions and ambulance rides), surgeries, and emergency dental (crown and extraction).
  - **For Loss:** The plan includes accidental death and dismemberment coverage and pays benefits for loss of hearing and for loss of sight occurring as a result of a covered accident.
  - **Coverage for Families:** Employees can add coverage for spouses and dependent children.
  - **Accident insurance is a limited benefit policy. It provides accident coverage only.**
- **Wellness Rider:** \$50 per insured employee and spouse

## Why Critical Illness Insurance?

Heart attack, stroke, cancer and other illnesses can affect not only your health but also your bank account; medical expenses reportedly lead to more than half of all bankruptcies in the United States. When faced with a severe illness and the accompanying medical costs, critical illness insurance can help.

## What is Critical Illness Insurance?

Critical Illness Insurance is offered as a voluntary benefit by your employer to supplement your regular medical coverage. This insurance is designed to **cover out-of-pocket expenses not covered by your health insurance**, such as your deductible and copays. Illness can often lead to extended time away from work, and Critical Illness benefits can offset some of those lost wages and help you pay routine living expenses such as childcare, transportation and rent or mortgage payments. If you don't want to drain your savings because of medical bills and time away from work, Critical Illness Insurance can protect you from financial loss.

### Covered Conditions

- Cancer
- Carcinoma In Situ
- Chronic Renal (Kidney) Failure
- Coma
- Coronary Artery Disease
- Heart Attack
- Heart Failure
- Major Organ Failure
- Permanent Paralysis
- Stroke
- Childhood diseases

**Wellness screening benefit:** To promote healthy lifestyles and early detection, we will pay employees and a covered spouse \$50, once per plan year, when we receive proof of an eligible health screening like an electrocardiogram.

This glossary was created to help you better understand the different terms used by health plans when describing coverage and costs.

**Allowed amount**—The amount the plan pays for covered services is based on the “allowed amount” as determined by the insurance company.

**Balance Billing**—When an out-of-network provider charges more than the allowable amount or discounted fee, you may be billed for the difference. PPO providers do NOT balance bill you for amounts over the allowable amount.

**Coinsurance**—Your share of the cost of health services provided to you.

**Copays or Copayments**—A set dollar amount that you pay for a covered health care service.

**Covered Services**—Health care services that will be paid for, in part or in full, by a medical plan.

**Deductible**—The amount of money you are required to pay each plan year for health care services before your health plan starts paying a portion of the medical bill. In most plans, the deductible for in-network and out-of-network (non-preferred) providers is separate.

**Emergency care**—Medical care that is needed immediately to save your life or to prevent serious harm to your health.

**Explanation of Benefits (EOB)**—After you’ve visited a doctor, clinic or hospital, you will receive an EOB from your health plan administrator that tells you what portion of the provider’s charges are eligible for benefits and explains what’s covered. If the service is declined, the EOB will include the reason(s) and appeal information. If your provider is part of a network, you will also see the calculated discount.

**In-Network**—A group of health care providers and facilities that form an affiliation and contract as a group with a health plan to offer negotiated rates and savings discounts.

**Out-of-Pocket Limits**—Health care expenses paid by you in the form of copays, coinsurance and deductibles. Charges that are not covered by the insurance plan, are not medically necessary, or are billed by a non-network provider and are over the allowed amount are not included in the out-of-pocket maximum.

**Out-of-Network or Non-PPO**—Health care providers and facilities who are not under contract with a health plan to provide discounted fees.

**Preferred Provider Organization (PPO)**—A network of medical providers that contracts with an insurer to provide services at pre-negotiated, discounted fees.

**Preventive Care**—Medical care that focuses on healthy behavior and includes services that help prevent health problems and allow you to manage risk factors. This includes health education, immunizations, early disease detection, health evaluations, and routine care and exams.
